AND THESE ARE THE STANDARD MODEL RAT BIORGS, SENATOR.

DOCTOR TRUMBULL?

GOOD LORD.

WELL, AS YOU CAN SEE, A WHOLE COLONY WORKING TOGETHER LIKE THIS CAN ASSEMBLE A JET ENGINE FROM SPARE PARTS IN 48 HOURS.

BUT REPLACING AN EXPENSIVE AND OUTDATED WORKFORCE WITH EFFICIENT ANIMAL SLAVES IS ONLY ONE VERY SMALL APPLICATION OF OUR RESEARCH AND DEVELOPMENT PROGRAM.

THANKS, DENISE.

WITH YOUR COMMITMENT ASSURED, OUR INTENTION IS TO SAVE THE LIVES OF COUNTLESS MEN AND WOMEN IN OUR ARMED SERVICES.

THIS IS THE GUN OF THE FUTURE.

AND OUR WARS OF TOMORROW WILL BE FOUGHT BY REMOTE-CONTROLLED ANIMALS, LIKE THESE.

LIVING WEAPONS, SENATOR.

THIS IS ROSEANNE BERRY, OUR VERY OWN "DOCTOR POLITTLE."

THE ANIMALS KEEP HER ENTERTAINED FOR HOURS, BUT SHE OFTEN HAS A HARD TIME COMMUNICATING WITH US MERE HUMANS.

DON'T YOU, ROSEANNE?

AS I WAS SAYING, GENTLEMEN; OUR RABBIT BIORG WAS DESIGNED AND TRAINED TO DELIVER MINES AND POISON GAS.

YOU CAN THINK OF THE DOG AS A SMALL TANK, THE CAT, A LETHAL STEALTH MACHINE.

OF COURSE, IT'S THE HARDWARE THAT DOES THE REAL WORK.

THE ANIMALS ARE THE HARDWARE, SIR.

IF MR. WAH-SHING-TON WD LIK 2 MEET U.

HA.

HELLO, BOY.

AND HOW ARE YOU TODAY?

I. M. GUD.

R. U. GUD 2?

"MR. WAH-SHING-TON."
